Benjamin Sewell, of Holly, was in town Saturday and Sunday.

Mr. and Mrs. J. N. Vaughn have just returned from a business trip to Cincinnati.

Hon. W. W. McGuire, of West Liberty, attended the railroad meeting Thursday.

Hon. G. B. Swango, of Frankfort, was present at the railroad meeting, and seemed sanguine over the prospect for the railroad.

Richmond Hollon, who has been at Preston, Bath county, for about three months, came home Saturday. He will remain here and write for his father in the county clerk's office.

Master Harry Combs met with a very painful accident Sunday. He was riding a mule, when his mule-step fell down with him and stepped one foot in his face, making a very ugly wound about the eye.

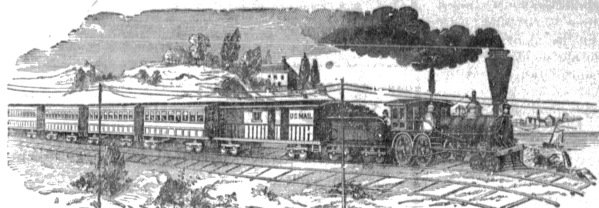

G. W. Goad, of Ezell, is reading law in the county attorney's office, and will apply for license to practice at the coming term of our circuit court. Mr. Goad is a very pleasant and affable gentleman, and we predict for him great success in his chosen profession.

Dr. Sale, of Lexington, who has been at the Hollon house for more than a week past, left for his home Saturday. He is an excellent dentist, and several of our people had work done. He extracts teeth without pain, but the pain comes after the tooth is extracted—when the 50 cents is demanded.

There was an Easter service held in the church house Sunday at 2 p. m. The services were conducted by Mrs. S. G. Street, and all the members of the Christian Endeavor society took part in the services. The house was nicely decorated for the occasion by Mrs. S. Smith. The services consisted of recitations, select readings, scriptural readings pertaining to the resurrection of Christ, and a talk by Mrs. Street on the same subject. The music by the choir was a very interesting feature of the meeting. Everybody went away feeling that it was good to have been there.

A railroad meeting was held here Thursday in the parlors of the Hollon house. Mr. Walbridge and Capt. Broad, of New York, two engineers, J. D. Livingston, vice-president of the L. & E. railroad, and several of the most prominent citizens of the county were present. J. C. Lykins, in a practical and pointed speech, explained the object of the meeting. Mr. Walbridge was the next speaker, and he expatiated on the benefits to be derived from the construction of a railroad through our county, and also made a proposition on the part of the company he, as president, represents. His talk was business from beginning to end. He gave out no uncertain sound. He told

us what we were expected to do, and then assured us that if we complied with the conditions set forth by him, that the road would be built. We are asked to give the right of way, furnish the ties, stone, etc., and donate \$25,000 in money. At a glance this seems to be rather hard and more than the people of Wolfe county, with what aid we can get from Morgan, can do; but if we take into consideration the enhancement in the value of property, the market it affords for the produce of our farmers, timber, coal, etc., and the other advantages too numerous to mention, the demand is reasonable. Let us not feel that the burden of raising the required sum of money, and giving the ties and the other building materials rests upon any one in particular, but let each man to be benefited by the building of this road contribute to the enterprise commensurate with the benefits to be derived therefrom, and the above-named conditions will be complied with and the road will be built. So mote it be.

Lane Locals.

Elder Dunagan, of Maytown, preached here Wednesday night.

W. J. Baker has moved from Beattyville to J. L. Williams' farm.

Married, on the 27th inst., Robert Hollon to Miss Alice Cockerham.

The great evangelist, H. Whismon, preached at Holly Thursday night.

W. L. Gose has moved to Holly, and is teaching a singing school here with 18 scholars.

Farmers are very busy preparing for their crops. Their voices are heard in every hill and valley.

Wm. J. and J. T. Graham, W. L. Gose and Mrs. A. J. Brewer, of this place, attended the burial of J. D. Graham, of Gilmore, Monday.

Elder J. A. Howard delivered a most eloquent sermon to a large and well-behaved congregation at this place Tuesday night, the 9th inst.

Married, on the 6th inst., at the residence of the bride's father, G. W. Wadkins, Miss Emma Wadkins and Wm. Banks, Rev. Whismon officiating.

Most of your correspondents have had something to say about the good old HERALD. I can say that for the last ten years I have read it regularly, during which time my father has been taking three or four Republican papers, which I scarcely ever pick up, but I always read every line of THE HERALD, and expect to read it as long as I am able to pay for it.

SHANGHAI.

Another Correspondent.]
A more favorable prospect for

fruit, except peaches, was never known.

Isaac Hollon has swapped farms with his father, Preston Hollon, giving \$500 in the trade.

Born, on the 9th inst., to the wife of William King, a fine Republican trooper; name, Philip Sheridan.

J. C. Tolson, of Campton, was "trooping" it over the civilized parts of Holly last week on business.

Rev. Wm. Pence preached at the Spring Branch schoolhouse last Saturday and Sunday to good congregations.

John Gibbs has four ewes which have produced seven lambs this spring. He will now try his luck sheep-raising, no doubt.

Isaac Burkhardt had a working one day last week, but I have not been informed as to how much work he got out of the boys.

A Mr. McIntosh, representing the Hermen lumber company, of Beattyville, measured a fine lot of logs on Holly last week for said company.

Jonathan Hollon, one of our most popular, amiable and distinguished friends, drove a bunch of cattle to the Mt. Sterling market last week.

Ben Sewell left these parts last Saturday evening for Campton to see his sweetheart. He is very hiccokolorum, and we judge very fluent in sugar plum speeches.

Logging has almost stopped, and great preparations are being made for farming, which goes to show that the building of air castles is no more, but that a railroad is next in order.

Charley Clark, son of Eli Clark, has hired to work for J. A. Sewell for an unlimited time. Charley is married, but his wife left him some time ago for the second time, and he contemplates suing her for divorce this court.

Elder J. A. Howard, accompanied by Rev. Dunagan, came to Holly last week and preached a few sermons to the people. A multitude of our people seem to be religiously inclined, and delight to hear the gospel preached in its purity.

The death of Joseph D. Graham was sad news to his many friends in this section. To them there should be consolation in the sweet thought that he has been transported into the semi-paternal joys of a better clime, and now wears a starry crown of un fading glory.

Married, on the 6th inst., at the residence of the bride's father, G. Wadkins, "Fox" Banks to Miss Emma Wadkins. Here is wishing them lightning speed in the great, onward march toward the multiplication of young, gallant Republican sons. Excuse me, Mr. Editor, I forgot.

I see that your correspondent, "Shanghai," of this place, does not

give you the news as regular as the goose goes barefooted, so I have concluded to cudgel up my wits and greet the neat columns of THE HERALD with a few items. Considering the surroundings and the many disadvantages, THE HERALD is unquestionably one of the very best papers printed in the state. Hemmed up and cut off from the advantages to be derived directly a railroad, as it is, nevertheless it comes from the press every week and gives its many readers a complete knowledge of all the news that occurs. Its editor is a plain, straightforward, upright man of established principles, both morally and politically, and is now making a strong, aggressive fight for a railroad to run through Wolfe county via Campton and Hazel Green to the Caney coal fields in Morgan county. He is to be applauded in his noble efforts to secure an enterprise which would naturally bring prosperity to the county; and every man, old or young, who is for his own personal interest should rally to his support and help to secure the road while the chances are probable and favorable. Let all take a hand in hoisting the proud old banner of Eastern Kentucky, until together, like the Macedonian phalanx of old, in one common opinion for the advancement of the interests and welfare of their country and thus try to develop its vast hidden resources. Secure the proposed railroad, and let the big, generous heart of Spencer Cooper beat one happy, rhythmic throb. Oh, how happy he would be!

Misses Sarilda, Belle and Pearl Fulk are very low with typhoid fever.

Revs. J. F. Wilson and J. S. Tutt, preached at the Bethel schoolhouse Sunday last to a well-behaved audience, and the second Sunday in May, at the same place, Bro. Wilson will preach again at 3 o'clock.

Friday last about 10 o'clock, one of my little chaps came running in the house almost scared to death, and screaming at the top of her voice, and when she was asked what was the matter, she said the steam car was coming. I was fixing up the door to see what was the matter, and there came an object just a puffing and a blowing. Don't understand me to say the object whistled, for it did not, but I can truthfully say that the steam was just a flying, and by this time I was getting very anxious to know what it was, and behold it steered into the right and came on until it reached the house, and by this time its speed had checked to some extent and the steam had exhausted. I thought at first it was a wild lo-

comotive, but I soon discerned the difference. It was our friend David Athey with the U. S. mail, and about the first thing he said was: "Am I on time?" I told him he was a little late, but he would get pay for his trip. He said that it was his first trip with the mail, and he didn't propose to kill himself and horse for 50 cents a trip, and that his son could come from this on. He said that he started at daylight and had got lost and had been very near to Hazel Green and God only knew where else. He said if I would not tell it on him he would, the first time that the editor of THE HERALD and myself came to Campton, he would give us a first-class shave and shampoo. HYMIES.

Mrs. Rebecca Swango is a little better. Miss Rosie Sample is on the sick list this week.

Sunday was a regular old-fashioned Easter. It rained, it hailed, it snowed and it blowed, but Monday it was warm and pleasant.

Last Friday evening during the hard rain, a large double house near Mariba, burnt down. It was the property of Hon. Wm. Taylor, of Frenchburg.

E. B. May and family moved last week to their new home near Mt. Sterling. We disliked very much to give them up, but after seeing the prospects at their new home would love to go and do likewise.

Mr. Ritchie and family have moved to their beautiful residence on the corner of Locust and Mill street. We give them a hearty welcome to our little town, and extend them the right of citizenship.

Last Thursday Dr. J. W. Kendrick had the misfortune to lose his house and everything in it by fire. He also lost his pill pockets and all his medicine. The clothes the family had on was all that was saved. The good people of Menefee, Morgan and Wolfe counties have been liberal in their donations, not only his neighbor, but miles away.

Married, on the 10th inst., by Rev. W. M. Manker, W. O. Adamson, of Leves, Ky., and Miss Florence Ritchie, of Maytown. By the same, on the 13th inst., at the residence of R. J. Nickol, F. N. Burton and Miss Randy Oakley. Bro. Manker told the happy ones that it had been a matter of love and courtship, but now it would be a matter of meat and bread with them. WINGLESS.

Frank Shepardson, an engineer on the Southern Pacific railway, who resides at Los Angeles, Cal., was troubled with rheumatism for a long time. He was treated by several physicians, also visited the Hot Springs, but received no permanent relief until he used Chamberlain's Pain Balm. He says it is the best medicine in the world for rheumatism. For sale by John M. Rose.

"No man ever obtained anything worth having without working hard for it," said Mrs. Bickers to her husband, who was in a discouraged mood.

"That's so," replied Mr. Bickers, reflectively. "I remember that I obtained you without the slightest difficulty."—Harper's Bazar.

WOLFE AND MORGAN COUNTIES

To Be Made Tributary to Lexington By a Branch Road to the Lexington and Eastern.

From present indications it seems extremely probable that the immensely rich coal fields of Morgan county will be made accessible to Lexington in the near future through a branch road which will tap the Lexington and Eastern railroad at some point near Torrent, and which will make the newly developed country tributary to this city.

Quite a number of gentlemen from New York, who are interested in the American Coal Co., which owns mines in Maryland and West Virginia and which owns lands in Morgan county, will be in Lexington Wednesday or Thursday to consult with the L. & E. officials about the feasibility of building the branch line which will connect the Morgan county coal fields with the Lexington and Eastern railroad.

The projected line will run entirely through Wolfe county and into the richest part of Morgan county. Engineers have been sent to report on the proposed route, and they will probably be present at the meeting in the L. & E. offices. The canal coal in the new region is said to be of the best quality and in the greatest abundance.

The present plan is the result of the efforts on the part of the L. & E. railroad, which has always worked in the interest of Lexington, and protected this city in its efforts to build up business over its line, by refusing to allow Louisville and Cincinnati the advantage of the long haul rates which would enable those cities to undersell the merchants of Lexington.

It is said that Mt. Sterling is very anxious that the proposed line should be built so as to have a connection in favor of that city in such a way as to cut off Lexington and Winchester, and that the people of Mt. Sterling are preparing to offer inducements to have the new line built in a way to favor their interests.

A Press-Transcript reporter met Capt. B. J. Treacy and asked him if any steps would be taken by Lexington people to show their interest in the proposed new railroad, and he replied that he understood that a meeting of the Chamber of Commerce would be held to take action in the matter and see what could be done.

Capt. Treacy said that he was heartily in favor of the proposed new line. The Press-Transcript reporter tried to find Mr. D. F. Frazee, president of the chamber of commerce, to find if the meeting would be held tonight, but found that Mr. Frazee was not in the city.

This is an enterprise in which every citizen of Lexington is interested in seeing a success, and every possible encouragement should be shown in order that those who are contemplating building the road may feel that their plans are heartily endorsed by the people of this city.—Lexington Press-Transcript, April 9.

Easter Paper.
The following Easter paper was read by Miss Nannie E. Fields before a large and appreciative assemblage of officers, teachers, scholars and visitors at the Union Sabbath-school, held at the Methodist church, in this place, Sunday last:

"The Son of man must be delivered into the hands of sinful men and be crucified, and the third day shall rise again." Today we have met to celebrate the resurrection of our Lord Jesus Christ, and we are only one of the many thousand churches in Christendom that observe this annual festival. A festival or feast is a day or a series of days specially and publicly set apart for religious observance. Whether it be a casual or periodic occurrence, its ritual grave or gay, spiritual as the worship of a Puritan Sabbath, it is to be regarded as a festival or "holy day" as long as it is professedly held in the name of religion.

To trace the festivals of the world through all their variations would be to trace the entire history of human religion and civilization. After the resurrection the first Christians, being derived from or intimately connected with the Jewish church, naturally continued to observe the Jewish festivals, though in a new spirit, and being accustomed to the observance of the Passover, and ennobled by the thought of Christ as the true Paschal Lamb, the first fruits from the dead, they continued the celebration and it probably became the Christian Easter.

The crucifixion took place on Friday, and very early on the morning of the third day (Sunday) the two Marys were met at the sepulchre by a vision of angels which announced his resurrection. Of that resurrection, in spite of their doubts and misgivings, the whole body of the disciples became unalterably convinced, and on their unalterable conviction and the subsequent witness of history to the blessed truths of their doctrine, has rested in great measure the belief of the Christian church, and those same convictions and truths will forever continue to shatter the weak defense of infidelity.

Uniting the contemporary testimony of St. Paul with those of the gospels, we find ten recorded appearances of Christ on the first Easter day. Was not that a feast to the weary disciples after being separated from their loving Lord and Master? The soul that is dead in sin, weary of darkness, and longing for the light of truth, may have a glorious feast if they will let the sunlight of God's love rise in their hearts.

And "if ye be risen then with Christ" and "seek those things which are above," and dwell on his truths as our Passover and the gift of the Holy Ghost, we shall every day keep an Easter and Pentecostal feast.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years I smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORNBICK.

"BLURT" HAS ANOTHER DREAM.

Which Caraway and Cooper Play Conspicuous Parts.

I notice a little toy pistol at Omar, Ky., has been trying to make a noise at me, but it appears that the thing kicks harder than it hoots, for the statement of that would-be "guill pusher" reflects upon himself, for he states that he belongs to the class I was dreaming about. He says my dream is to be accused, but in the same breath he tries to condemn it by calling it a "filthy dream." Now, as he admits that I was dreaming of him, therefore it was natural for him to style the dream according to the subject. Joseph was a great man to dream, and a certain class desired to kill him because he dreamed the truth about them, and it is the truth that is hurting this fellow at Omar, for he now realizes that such fellows as he is have prevented us from having a railroad today, and he is trying to defend himself by saying hard things of those who are for the development of our country that we may be elevated and a prosperous and happy people.

He must have been born mad, and cultivated that disposition ever since, for while he poses as a correspondent, he only appears in print to grumble about something or to criticize some one. Some of his articles have been so strong on this line that he had to pay for their publication, and they appeared in the Messenger as advertisements. I remember how he pawed the air once in Ezel, condemning the court which authorized the construction of the bridges we now have across Licking and Elk fork. I am glad that the Lord has permitted him and his class to live to see that the building of those bridges did not "blast" the county, as they claimed it would, and that the railroad has not been built "anyhow, tax or no tax."

As to the character of my dreams, that, like many other things, depends sometimes upon the condition of the person considering them, for the Apostle says: "To the pure all things are pure, but to the filthy all things are filthy." Titus 1:15. It was late at night when I wrote the above, which I suppose caused me to dream the following:

I saw what appeared to be a great sheet suspended in the air, and on it were railroads with trains flying in every direction; also large and beautiful cities and towns interspersed with the most beautiful country homes and farms that I had ever seen, and there were no idle people there, but everything was alive and moved with a double-gear'd hustle, and all wore a badge across their breast on which was written "Prosperity." And there were no people on the earth except those who had hindered the development and progress of the country, and they had all come together to see if they could learn something about the sheet. About this time I saw J. H. Caraway come to the north side of the sheet and let down a ladder. I also saw Spencer Cooper come to the south side and let down another ladder, and then they both said in one voice to the people below: "Come up and see Eastern Kentucky with railroads." Then I heard some of these men below who had advised the people not to give the right of way for railroads, and who had also acted as though the world revolved upon their shoulders, saying to the rest of the crowd: "Don't go up there, for if you ship anything, or even take a ride, they will make you pay for it; they may make you pay for looking at the train." But when they saw the crowd all going they also came up and stood around on the edge of the sheet. At first

they were all amazed, and their eyes stuck out like knots on a dog-wood sapling. But when they thought of their past conduct toward the railroad they were ashamed and began to look small, and that feeling was so strong it actually reduced them in size, and they soon dropped through the meshes of the sheet and came to the ground like a swarm of insects, and the ground where they fell was covered with toads which swallowed them as fast as they fell, and that Omar correspondent was among those who fell, and I saw an old poor toad take him in, but his nature was so opposed to anything that was progressive that he at once caused the blood to stop circulation in the toad and it fell over on its back and made a pitiful noise and died immediately.

Now all opposition to railroads was gone and I looked up and the sheet was also gone, and a new era for Eastern Kentucky was dawning and all eyes were turned toward Mt. Sterling, and the railroad was reconstructed from that place to Rothwell; and when it was completed to Rothwell I saw a giant coming across the hills with a railroad in one hand and a coal mine in the other, and his name was Spencer Cooper. He said he had talked railroad and coal so much that he had grown fat on the subject. He said that he was going to settle the question about Wolfe county having the coal, so he unloaded his railroad at Rothwell and took his coal mine and planted it just above Hazel Green, then he came back and coupled his road on to the coal road and then tried to lay it by way of Hazel Green to Walnut Grove. But the shape of the road was such that when he stretched it out it came by way of Ezel, and he took it up and tried to twist and bend it around by Hazel Green, but every time he put it down it came by Ezel, so he let it stay that way. "But," said he, "I will have something to do with the matter." So he applied for the conductor's place, and at the proper time he called out "Mt. S-terling-in-g, change cars for Rothwell. E-E-I; I won't say it," said he, and he stepped down on all. But the train came on all the same, and when it reached the Ezel depot it whistled so loud that it awakened me to find that we were still without a railroad.

It does these great cures because it is physics from the blood, liver and tenses all the impurities, "ashes and debris" as it were.

Without weakening but all the while strengthening instead.

It causes the Liver to throw off its Bile. It cleans out the entire alimentary canal, stomach and bowels alike, ridding them of all effete, offensive and slimy mucus, worms and other vermin.
Restoring sleep, appetite, flesh, strength, comfort, freshness and bloom—in a word health.

Including self-poise to the nervous system, and both sweetness of breath and disposition.

Its speed in its action, improvement beginning as soon as the first dose is swallowed.

And as certain as the law of gravitation. Note the high standard of testimonials in circular at drug stores and around bottles.

They are such as only the highest order or merit could command—voluntary offerings from the cottage, princely palaces and offices of State.

Recording cures of cases more grave and complicated than ever hitherto successfully reached by medicine.

Satisfaction guaranteed. Sample Free.

THE HERALD.

SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.

THURSDAY, April 18, 1895.

The proposition for a railroad through this county was fully defined by Mr. Walbridge, president of the American Coal Co., in meetings held at Campton and Hazel Green, respectively, on Friday last. The proposition made by him at those meetings is as follows: That Wolfe county shall donate \$25,000 in cash, ties for the road through the county, the stone and timber for bridges, and the free right of way. At first glance this proposition seems an unreasonable one to present to a county as poor as Wolfe, and yet it is quite reasonable when considered in detail. In the first place we are not called upon for a cent in money or a tie until the construction company will have expended some \$150,000 or more, among our citizens, and then we only have to pay one-third of our subscription. To be more plain, perhaps, the company will have built the road to Campton and spent vast sums of money among our citizens in doing so, when one-third of our subscription becomes due. In a word, we put in our pockets \$150,000 in cash, but under the contract must give them as a rebate \$8,888.884. Any individual who could make an investment that would pay so well as this, would not take time to sleep before closing the deal, and it will be strange indeed if our citizens do not obligate themselves to come up with their part of the contract. Mr. Walbridge desires the citizens of Wolfe county to reap all the benefits derived from the construction of the road, and to this end will not import a laborer as long as our people will do the work. Every man in the county can find remunerative employment from the time ground is broken until the foot of the locomotive announces the driving of the last spike, and among us we will have some \$500,000 in wages for labor, teams, etc., as a result of our foresight in making this investment. But this is not all. After the road is once constructed it will continue to need the services of hundreds of men and teams for an indefinite period, and for all time to have more or less hands along the various sections to keep up repairs. There will be a continuous market for ties, and all of our oak timber may thus be put into market at its cash value and in return the cash be paid to our citizens. Nor is this all. The road once built will, like Tunnyson's brook, run on forever, and be a never-ending source of revenue that in time will make us the richest county in this glorious climate of old Kentucky. Build it? You bet we'll build it! The people of Wolfe county are too wide awake to their own interests to allow a few dollars that we must pay snatch from us thousands to be paid us by outsiders. And that railroad tax! Just think how we will make them stand in when it comes to paying the taxes. Its a harvest that rain, nor snow, nor drouth, nor cold, nor heat, nor aught else can prevent the reaping year after year, and not only the growing generations but hundreds and thousands to come after us in the then "wealthy old Wolfe" will continue to garner in. Put that stack of \$25,000 on the railroad to us and "copper" any other route in the "case." This is a "square

deal," and Wolfe is in for all the wealth "the box" contains. You can't run a "bluff" on us, so come on with another railroad.

Elder J. A. Howard having concluded that a paper was essential to the cause he espouses, contracted with this office for the publication of THE BIBLE SWORD, and last week the first number was printed. It is a neat 5-column folio, issued monthly, and typographically "a thing of beauty." Whether it will prove "a joy forever" remains to be seen. But the matter contained in the initial number compares favorably with other religious journals. The original articles are well written and the selections all good. For particulars, however, see advertisement in this issue under the head of "platform, principles and purposes," and send for sample copy. In this connection we desire to say that if anybody else wants to print a paper "we are strictly in it" with the best presses, types, etc., and our prices are as low as anybody.

Do you want a first-class buckboard? If so, call at THE HERALD office. We have a bargain for some man. tf

OBITUARY.

Joseph D. Graham was born in Lee county, Va., Jan. 6, 1832, and died at his home in Wolfe county, Ky., April 7, 1895, in the 63th year of his age. He was married first in 1849, and again in 1881. To his first marriage was given 11 children, 8 of whom survive him, and all have been converted and are trying to follow the good advice and examples given them by the dear father and mother.

He had lived for more than fifty years in either the Methodist or Presbyterian church, and was an elder in the latter at the time of his death.

As a Christian he was ready to meet the demands of the church; as a friend to the poor he never lost an opportunity to relieve the wants of those in distress, and no one can doubt that he could recall and answer to the calls of charity in the fullest sense of the word.

As a friend to education he stood foremost among those of his rank in all that pertained to the diffusion of knowledge among those around him. And his words of upward and onward will long be remembered by those who have been under his care as teacher, having been in the profession for many years, he was ever ready to lend a helping hand to anything that might lead to the greater enlightenment of the young and rising generation.

He had been afflicted and a constant sufferer for fifteen years and the wonderful fortitude with which he bore his suffering shows conclusively his will power and ambition. He leaves a large train of connection and friends to mourn his loss, but his dying testimony was such that we may have a well-grounded hope that his death, so heartrending and painful to us, was to him only the gateway to the full enjoyment of that Father's home, whom he loved and served so long. All that kind friends and skillful physicians could do was cheerfully done, but God had called him away, and on April 7 those eyes were closed, those hands which so willingly worked for God and humanity were folded, those lips which so willingly praised his Savior's name were sealed in death, and his ransomed spirit, we trust, winged its flight to the glorious mansions above. His remains were laid to rest in the family church yard near by, to await the Master's call on the resurrection morn. L.

ELECTROPOISE.

IT CURES DISEASE.

The Electropoise gave me complete relief from excruciating pain in three applications. I also find it good for treating children for their numerous ailments. C. L. Soden, with Bridget & Co., Louisville, Ky.

Mr. G. W. Flint of Skylight, Ky., says: "I suffered for years with gonorrhea, inflammation of the bladder and enlargement of the prostate gland. After a short trial of the Electropoise I am entirely relieved, and feel twenty years younger."

"I have derived more benefit from the use of Electropoise than from all other remedies combined. I think it the grandest invention of the age. It cannot be praised too highly."—Mrs. M. E. Gorman, Sadeville, Ky.

John H. Davis, esq., of Bourbonville, Ky.: "The Electropoise is the best all round doctor I know of. My wife suffered from the effects of lappage for several years; also a complication of other ailments. Now she is entirely well. Its digestion bothered me a great deal—now well. One of my neighbors is using it for lung trouble, and reports improvement."

As a curative agent the Electropoise cannot be equaled. Nearly 1,000 have been put out from this office in the last three months.

Collector's Sale.

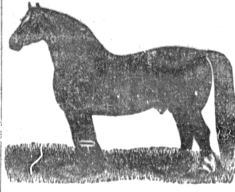

By virtue of warrant for distraint No. 224, directed to me, which issued from the office of Charles H. Hodges, Collector of Internal Revenue of the United States for the Eighth District of Kentucky, in favor of the United States of America, against Jackson Congleton & Co., I will,

MONDAY, the 29th day of April, 1895,

at A. F. Byrd's old office in the town of Campton, Wolfe County, Ky., between the hours of 10 o'clock A. M. and 4 o'clock P. M., expose to public sale to the highest and best bidder for cash in hand, the following property, or so much thereof as may be necessary to satisfy plaintiff's claim, interest, penalty and cost, to-wit: Six Casks of CORN WHISKY, containing in all about 100 GALLONS; also, 9 empty whisky casks.

On the same day and on same terms, at the 221/2 house of Jackson Congleton & Co., No. 40, on the Congleton farm adjoining the town of Campton, one small steam boiler and wood still, and all the fixtures attached thereto and belonging to it; and the stillhouse and lot, containing one acre, more or less, levied upon by me as the property of Jackson Congleton & Co., to satisfy said warrant of distraint.

Witness my hand this 28th day of April, 1895. S. M. TUTT, Deputy Collector.

JOE RUCKER is a remarkably stylish horse, heavy mane and tail. He, with little opportunity, has trotted in the country.

His colts are of fine style, one of them taking the premium in the Montgomery County Fair over five of the best in the country.

This standard bred horse will make the season of 1895 at my stables in Hazel Green at the low price of

\$5 to insure a Living Colt,

money due when the colt is foaled, mare parted with or bred to another horse.

THE YOUNG SPANISH JACK,

money due when colt is foaled, mare parted with or bred to another horse.

ROSCO.

This premium jack will make the season of 1895 at my stable in Hazel Green, Ky., at

\$6.00 to insure a Living Colt,

money due when colt is foaled or mare parted with, for which a lien will be retained on colt until season money is paid.

ROSCO will be 5 years old in June. He is black, perfect in form, and has to be seen to be appreciated. He was sired by English Imported Jack, that he paid \$1,100 for, his dam, Black Bet, was sired by Old Aleck, Howell's famous jack, that he refused \$1,500 for; he by old Bourbon Wilkes, Jr. Mares from a distance will be kept on reasonable terms.

Care will be taken to prevent accidents, but I will not be responsible should they occur.

THE HERALD.

FOR THE LEGISLATURE.

We are authorized to announce Hon. D. S. GOOSEY, of Hazel Green, as a candidate to represent Wolfe and Morgan counties in the next legislature, subject to the action of the Democratic party.

FOR RAILROAD COMMISSIONERS.

We are authorized to announce JOHN C. WOOD, of Montgomery county, as a candidate for the office of Railroad Commissioner in this, the Third district, subject to the action of the Republican party.

Elder J. A. Howard will preach at Sandfield next Saturday night and Sunday at 11 a. m.

Henry Pence, of Holly, was visiting his sister, Mrs. J. F. Wood, of this place, Saturday and Sunday last.

An interesting article on Rivers Epworth League was handed in too late for this issue, but will appear next week.

Misses Lane and Sabina Taulbee enlivened this office Monday last with their beaming smiles and pleasant tete-a-tete.

The fact that Hood's Sarsaparilla, once fairly tried, becomes the favorite spring medicine, speaks volumes for its excellence and merit.

Little Troy Pieratt fell against a fence Monday evening and cut a gash on his forehead two inches in length. Dr. Taulbee dressed the wound and he is doing nicely.

For the convenience of all who may desire to take Elder Howard's paper, "The Bible Word," subscriptions may be sent to this office, and he will be duly credited.

Rollie Thompson and wife have moved to Magoffin county, where Mr. Thompson will engage in farming. They are located near Hendricks, which is their nearest post-office.

In the notice of the contest last week it was not intended to reflect on the teachers, but to show the sentiment of the people as we understood it, but we make no concessions.

Mrs. J. B. Thompson, of this place, was called to see her mother, who lives near the mouth of Beaver, in Menefee county, and accompanied by Linden and Miss Jessie, left for that place on Tuesday.

A letter of recent date from Elza James says he is very much pleased with Illinois, except that the girls don't stand any show with our mountain girls for beauty. By-the-by, Elza, when are you coming back after her?

Quarterly meeting of the M. E. church, South, will be held at the Rose schoolhouse, on Lacy creek, 8 miles from town, next Saturday and Sunday. Rev. J. W. Hunter, of West Liberty, and Rev. J. L. West will conduct the services.

Mrs. Henry Hord, of this place, has placed the editor and his better ½ under obligations for a roll of the finest Jersey butter it has been our good fortune to taste. The very sight of the rich golden lump made one's lips lubricate in anticipation of the joy in eating.

Some of our young folks attended the entertainment at Hazel Green last Tuesday night. One young man was supposed to be hunting—Kash, and another young man wanted to—Neal.—Morgan Messenger. The first named gentleman found what he was searching for. The other one knelt.

Miss Marens J. Havens, of Index, Morgan county, will please accept the thanks of the editor and his better ½ for a nice mess of fine spring onions and two mammoth parsnips, sent by her brother, Monroe, who will accept thanks for their delivery in good order. He might have eaten the onions, you know; some boys would.

Sensational Marriage.

A rather sensational marriage occurred near Ezel last Sunday night. Flen Burton and Miss Miranda Oakley eloped and were married at a neighbor's house by Rev. W. W. Manker. Burton was cropping with the bride's father, J. V. Oakley, and it appears that Flen's efforts have ripened into an early harvest. While it was expected by some, the time and manner of the occurrence was a complete surprise to all. They are both model young people, being industrious and not afraid of work. They will leave in a few days to seek their fortune in the west. BLURT.

Protracted Meeting.

Large congregations attend the Christian church every night to listen to the word of God as expounded by Rev. W. E. Willis. He is a most earnest, thoughtful divine, and commands the attention of his hearers. His subject Wednesday night on the healing of the leper which proved that the speaker was thoroughly conversant with his theme, and it was listened to with marked attention. We trust that his labors while among us will be richly rewarded, and that many souls may be brought to a knowledge of the truth as it is in Christ Jesus.

The Sick List.

Since his last report, Dr. Taulbee has added the following to his list of patients in town: John H. Pieratt and wife, Mrs. Lou Maple, Mrs. Ellen Swango and daughter Dora, Mrs. Nannie Clark, Elmer Gravens, Mrs. Crook Coldiron, Mrs. Combs, of Ezel, and Mrs. Phoebe Cox, of Blackwater, are here under his treatment. Born, to the wife of John W. Craven, on the 16th inst., a girl; to the wife of Rollin A. Kash, a daughter; to the wife of South Celdiron, a daughter; to the wife of Miles Fallen, a son.

Handsome Spring Stock of Hats.

Mrs. Lou Day has just received her new stock of millinery and millinery goods, including trimmed hats and bonnets in the most fashionable shapes. She has them in all styles and at all prices, from 25c. to \$7.00, and the lady who desires to make the best appearance will make a mistake if she fails to call. She also has a beautiful line of ribbons. But those hats—as a lady expressed it last evening—"they are just too lovely."

Secure the Shadow.

T. A. Eastridge, the photographer, is located in Hazel Green, and will remain here about two weeks. If you want pictures made now is the time to see him, as he will positively remain no longer than announced. Mr. Eastridge was here about a year and a half ago and rendered satisfaction in his work. He is much better prepared now than he was at that time, and it will pay you to see him if you need anything in his line, and save money by doing so.

League Meeting.

Quite an interesting meeting of the League was held at the residence of George Wheeler on last Saturday night, and the next meeting will be held at the residence of Mrs. J. B. Thompson, and as "the Master's work should know no hindrance," every member should be present and assist in the work being done for the cause of Christ by this growing organization.

Attention, Ladies.

Mrs. Rilda Day requests us to say that on Saturday, the 20th inst. she will have a complete line of summer millinery, notions, dry goods, etc., that will be on exhibition for the inspection of visitors, and respectfully invites the ladies of this section to call. Having laid in this stock for spot cash, she can sell as low or lower than anybody.

Read the advertisement of Joe Rucker 7997 and the Spanish Jack Roscoe, both of which will be found at the stable of W. T. Swango. The breeding of this stock is No. 1, and as individuals they are unsurpassed, so that breeders will do well to see them.

The Genuine Merit Of

Hood's Sarsaparilla wins friends wherever it is fairly and honestly tried. To have perfect health you must have pure blood, and the best way to have pure blood is to take Hood's Sarsaparilla, the best blood purifier and strength builder. It expels all taint of scrofula, salt rheum and all other humors, and at the same time builds up the whole system.

Hood's PILLS are prompt and efficient. 25c.

Mrs. Rilda Day and Miss Laura Rawlings, respectively and jointly, will accept the thanks of the editor and his better ½ for a mess of extra fine mince meat that in pies tickled our tooth on Tuesday of this week.

Religious Services.

AT THE METHODIST CHURCH.—Prayer meeting Thursday night at 7 o'clock. Sunday-school at 9:30 a. m. every Sunday.

AT THE CHRISTIAN CHURCH.—Subject of Rev. W. S. Willis this (Thursday) night: "The Way of Salvation;" Friday night, "Difficulties in the Way Removed; or, How to Be Safe;" Saturday night, "One Thing Needful;" Sunday morning, "A True Life;" Sunday night, "Conversion of the Jailor;" Sunday-school at 9:30 a. m.

Mrs. Belle Godsey has the thanks of the editor and his better ½ for a bountiful mess of fine pork sausage, seasoned as she only knows how to season it, and to which ye editor, staff scribes and the satanic imp all did ample justice.

When any of our citizens visit Winchester, they will find the restaurant of A. Grudanger the best place in town to get a square meal, and they can save money by patronizing him. He also deals in confectioneries, fruits, cakes, etc., and can furnish fresh bread every day to parties who desire it shipped to them over the Lexington and Eastern railway. 40-3m

Clark County Is Solid For Us.

Spencer Cooper is spoken of as a candidate for the legislature in the district composed of Wolfe and Morgan. We pledge him the undivided support of "Phip" Winn, Fred Broadhurst and Clint Fox, of this city, and Judge C. E. Roess, of Washington, D. C. Go in Spence, we are for you a little bit.—Winchester Sun.

Bilious Colic.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly and can always be depended upon. In many cases the attack may be prevented by taking this remedy as soon as the first indication of the disease appears. 25 and 50 cent bottles for sale by John M. Rose.

We are requested to say that all reputable physicians of Wolfe and adjoining counties are respectfully invited to meet in the town of Hazel Green, Ky., on Saturday, May 4, 1895, for the purpose of organizing a medical association.

Dr. Sale, who stayed at Hazel Green two weeks, and Campton one week, extracting teeth without pain and doing all kinds of dental work, will be at Campton the first week of circuit court, beginning Monday, April 22. I refer to Dr. J. A. Taulbee, Dr. Stamper and others.

Ray Moss writes us that he will be here about May 1st with his horse "Beauty," and requests the breeders of this section to wait until they see him.

A letter from Henry L. Godsey was crowded out of this issue by railroad matter, but it is good enough to keep and will be reproduced next week.

Hazel Green Academy.

SESSION OF 1894-95

The Spring Term Begins Monday, April 1st, and will continue for ten weeks. In this term a thorough review of the Common School branches will be made, and also, Elementary Psychology and Theory and Practice will be studied. Special efforts will be made for those preparing to enter the county examinations for certificates to teach.

The regular courses will be kept up.

Nine lectures will be given on every one of the Common School branches.

Total expenses for the 10 weeks will be \$26.00.

Railroad Rumblings.

Judge Becker informed us the other day that Messrs. Walbridge and Pross, of New York City, will be at the Rees house tomorrow (Wednesday) night on their way to Wolfe county. They represent the syndicate that owns a large body of canal coal near Walnut Grove, in Morgan county, which they wish to reach with a railroad. They have contemplated two routes, one from Morehead, on the C. & O., and the other from a point near Torrent, on the K. U. The road would be 30 miles long, and running as it would by either route through a hill country, would of course be quite expensive. The counties cannot vote to aid, but the people have expressed a willingness to give right of way and material and to make subscriptions in money. Messrs. Walbridge and Pross are going to Wolfe to test the sincerity of its people in making these offers and to find out if a practicable route can be had and what its probable cost would be. Our people are greatly interested in the building of this road. It would add much to the business of Winchester, as it would turn the trade of Magoffin, Morgan and Wolfe counties this way, and it would then be only a question of enterprise as to who would secure it. This is not the case of capitalists investing money in a railroad enterprise with a view to the profits it might make. These gentlemen want to develop their coal lands, which may yield a reasonable return, and again may turn out a failure, as canal coal is an uncertain deposit. They will not undertake the enterprise unless the people to be benefited by it give substantial help. It would give a pay the solid men of Winchester to subscribe liberally towards

curing the road on the Wolfe county route.—Winchester Democrat 11th inst.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address

This Should Be the Law.

This law is found on the statute books of New York, section 2549 of the penal code:

"Any person who willfully states, delivers or transmits by any means whatever to any manager, editor, publisher, reporter or other employee of a publisher of any newspaper, magazine, publication, periodical or serial, any statement concerning any person or corporation, which, if published therein, would be a libel, is guilty of a misdemeanor."

It should be on the statute books of Kentucky. Will not the press of the state, the honest, self-respecting press of Kentucky, ask of the next legislature the passage of such a law? Put this at the head of your columns, and ask your representative to make it his special duty to pass such a law.

Do you want a first-class buckboard? If so, call at THE HERALD office. We have a bargain for some men.

Don't Stop Tobacco.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing comfort, health and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant, that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872 without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking Baco-Curo—it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day when you took your first chew or smoke. Sold by all druggists, with our iron-clad guarantee, at \$1.00 per box, three boxes (80 day's treatment) \$2.50, or sent direct upon receipt of price. Send six 2-cent stamps for sample box, booklet and proofs free. Eureka Chemical & Manufacturing Company, manufacturing chemists, Lacrosse, Wisconsin.

The K. & S. A. Railroad.

The Kentucky & South Atlantic railroad, at Mt. Sterling, is being changed from a narrow to a standard gauge route, and heavy steel rails are being put down. The road will likely be extended thro' Wolfe county this summer.—Winchester Democrat.

A Man Causes a Murder.

Will Payne was murdered by his brother, Loch Payne, on the farm of the latter, in Daviess county, Ky., on the 9th inst., over a hen. Will lost a hen and traced it to the farm of his brother. His brother claimed the hen and a quarrel followed. Will seized a fence rail and attacked his brother. The latter also seized a piece of fence rail and struck Will a heavy blow on the head. The wounded man fell, and was taken home, where he soon died with clot on the brain. Both have been prosperous young farmers and are married. Will Payne leaves a wife and two children. Loch has a wife and one child. The families are highly connected. Loch has given himself up.

A GATEWAY

To Kentucky Coal Fields Will
Lexington Become

IF THE HAZEL GREEN L. & E. ROAD
IS BUILT.

THE ROAD IS A SURE THING.

Ho, for the coal fields of Eastern
Kentucky!

Open them up and let Lexington
be the gateway to the outside
world!

When the 9:20 Lexington and
Eastern train pulled in at the
depot this morning a distinguished
visitor and capitalist in the per-
sonage of W. D. L. Walbridge,
president of the American Coal
Company and of the Georgia Creek
& Cumberland Railroad, stepped
off and was received by a special
committee from the chamber of
commerce.

Mr. Walbridge was accompanied
by Mr. J. D. Livingston, vice-presi-
dent of the Lexington & Eastern
road, they having just returned
from a trip up that line.
The committee that met them at
the depot was composed of
Chairman B. F. Frazee, president
of the chamber of commerce,
Lieutenant Governor M. C. Alford
and Superintendent of Public
works DeLong.

The party repaired at once to
the Phoenix Hotel, where Mr. Wal-
bridge was entertained and where
he is now stopping.

The object of the gentleman's
visit to this city is to investigate
the proposed route of the new rail-
road which is to open up the coal
fields of Morgan and Wolfe coun-
ties and which will start from
Walnut Grove, Morgan county,
pass through Hazel Green and
Campton and tap the Lexington
& Eastern near Torrent, ten miles
this side of Beattyville.

The question now in the minds
of the builders of this road, and
Mr. Walbridge is one of the prime
movers, is whether the line shall
connect with the L. & E. at Tor-
rent, whether it shall be built to
connect with the C. & O. at More-
head, or whether it shall be di-
rected to Mt. Sterling.

Walnut Grove, in Morgan coun-
ty, is but 20 miles from Torrent,
while it is 23 from Morehead and
40 miles from Mt. Sterling. Should
the road be built to Torrent it will
pass through two good towns,
Hazel Green and Campton, if built
to Morehead it will strike Martins-
burg, if to Mt. Sterling, French-
burg.

The Hazel Green and Campton
people, however, have been very
earnest in their efforts to bring
the road their way, and with the
aid of Winchester and Lexington
there is no reason why they should
not succeed.

The road will benefit Winchester
because it will bring the small trade
to that town which now goes to
Morehead; it will benefit Lexing-
ton because it will open up one of
the richest coal fields in Eastern
Kentucky, and will besides bring
to this city the big wholesale trade
which now goes to Mt. Sterling.

Mr. Walbridge left a party of
engineers at Campton, and they
will proceed to survey the three
routes. The gentleman and capi-
talist himself was entertained at
dinner at the guest of Maj. H. C.
McDonald and will leave via the
C. & O. Friday night. He will re-
turn to this city again within a
few weeks.—Lexington Leader,
19th inst.

Letter from Granger, Texas.

ED. HERALD: Please allow me
space in your paper for a short let-
ter, as I have many old friends in
your section that I promised to
write to when I got to Texas.

Some portions of Texas is a fine

country, while parts of it is not so
good, though every sweet has its
bitter. In the black belt of this
great state land is worth from \$15
to \$30 per acre, while in the sandy
parts land is worth from \$2 to \$6
per acre. It is very dry here, not
having rained in six months. Cot-
ton is the main crop in this sec-
tion, though corn and oats does
well. Corn will not keep here later
than August on account of the
weevil. It is a healthy country,
though smallpox has prevailed
here to some extent recently. Far-
mers generally are done planting
corn, and are preparing to plant
some more 4-cent cotton. There
are plenty of bond issues, but the
Rothschilds got the most of them.
Give the Democrats another show,
as they have not had a good chance
yet.

"From whence came you—a
calamity howler?"

"From my lodging place in Mor-
gan county, Ky."

"Then you're a Populist, I sup-
pose?"

"I am a Pop., you bet."

"How do you know yourself to
be a Populist?"

"By having been called a calami-
ty howler, and I am ready to howl
again."

"Where were you first prepared
to be made a Populist?"

"In the Republican party."

"Where next?"

"In the Democratic-Republican
party."

"How were you prepared?"

"By being robbed regularly every
year for ten years in the interest
of railroads, trusts, corpora-
tions, loan companies and thieving
public officials, until I was divested
of all material substance, neither
clothed or fed, sheltered or shod;
whereupon I was summoned to ap-
pear at the door of a certain law-
yer and give a distinet knock."

"What was said to you from
within?"

"Who comes here?"

"Your answer?"

"A poor, drouth-stricken farmer,
who desires more time on his obli-
gations."

"What was then demanded of
you?"

"Cash."

"Had you the cash?"

"I had it not, but the other fel-
low had my notes and was ready to
foreclose."

"What was you then told?"

"To wait until the worshipful
mortgagee in the east could be in-
formed of my desires and his an-
swer thereto returned."

"What was his answer when re-
turned?"

"Let him enter his pleadings in
court, and be received in Populist
form."

"How were you received?"

"Upon the sharp point of a defi-
ciency judgment to everything in
sight, which was to teach me as
the law was an instrument of jus-
tice it was also the weapon of moral
highwaymen."

"How were you then disposed
of?"

"I was conducted to the senior
warden of the jail, who told me
how I might approach my wife's
relations in the east for further as-
sistance, and directed me meet the
worshipful major at the soldier's
reunion."

"How did the worshipful major
dispose of you?"

"He ordered me to return to the
party from whence I came, vote
the ticket I had formerly voted,
and return to the reunion next
year for further instructions."

so much that I was soon out of bed and could
walk. I had also felt weak and tired all the
time; could not sleep, and obtained no littlerest
at night that I felt all worn out in the morning.
I had no appetite to eat anything, but Hood's

Hood's Pills cured me of rheumatism in
my hips and lower limbs. I read so much
about Hood's Sarsaparilla that I thought I
would try it and see if it would relieve me.
When I commenced I could not sit up nor even
turn over in bed without help. One bottle of

I had no appetite to eat anything, but Hood's

Hood's Pills restored my appetite so that I
could eat without any distress, and I have
gained rapidly in strength. I have taken five
bottles of Hood's Sarsaparilla and I am as well
as ever. Mrs. S. A. Lefebvre, Rossmore, O.
